

Post Disaster Redevelopment Plan Environmental Restoration Work Group Meeting Summary

Date: May 25, 2011

Time: 2:00 pm.

Location: Pinellas County Swisher Building, 509 East Street, Conference Room 211

Attendees: Christine Frankford, PC Department of Health; Dave Walker, PC Planning; Liz Freeman, PC Planning, Peter Hessling, PC Air Quality, Steve Harper, PC Land Management; David Sadowsky, PC Attorney's Office; Joe Going, PC Solid Waste, Kelli Levy, PC PW Environmental, Ramona Madhosingh-Hector, PC Extension Services

I. Welcome and Introductions – Liz Freeman with the Pinellas County Planning Department welcomed everyone and gave an overview of the current status of the PDRP Project and the Environmental Workgroup's recent accomplishments.

II. Finalize Environmental Action Plan: The group was informed that the deadline for finalizing the PDRP Project is anticipated to occur in September of 2011 and that the TBRPC should be emailing out shortly supporting text for the Action Plan for the workgroup's review and comment. The Planning Department will also be emailing out in the next few weeks the UF planning and law student's analysis relating to several different questions regarding build back and development within vulnerable coastal areas.

a. **Consensus on Action Plan's Issues, Strategies, and Actions** – The group did not have any edits to the 5-25-11 Version of the Action Plan (i.e. *Issues, Strategies, and Actions*), since the group has had the opportunity to review and comment multiple times via email. Liz noted that some adjusting and/or modifications can certainly occur in the future as necessary.

b. **Discuss/Identify appropriate Timeframes to implement Actions, Responsible Agencies, Coordination and Resources Needed** –Liz indicated that when assigning the Responsible Agency role, that the preference would be to identify one lead County Department to head up the specific Action. The group began with discussing **Action D1.1** and due to timing/scheduling conflicts the group stopped at **Action D4.1.2**. (The edited action plan will be posted online at <http://www.postdisasterplan.org>).

III. Next Steps – Would be to finish the discussion on identifying Action Timeframes, Responsible Agencies, Coordination, and Resources Needed, (starting with **Action D4.1.3**). Liz indicated she would make an attempt to modify the couple of actions where the group had significant discussions but no specific edits. Joe Going agreed to

email out to the workgroup a map depicting the debris staging areas and the latest version of the County's Debris Management Plan.

IV. Adjoin – Liz concluded the meeting and informed the workgroup that the next meeting is anticipated to occur soon.
